***Meet our January 2015 Speaker***

***Admiral Bobby R. Inman***

***USN Retired***

Admiral Inman graduated from the University of Texas at Austin in 1950, and from the National War College in 1972. He became an adjunct professor at the University of Texas at Austin in 1987. He was appointed as a tenured professor holding the Lyndon B. Johnson Centennial Chair in National Policy in August 2001. He served as Interim Dean of the LBJ School of Public Affairs from 1 January to 31 December 2005 and again from January 2009 to March 2010.

Admiral Inman served in the U.S. Navy from November 1951 to July 1982, when he retired with the permanent rank of Admiral. While on active duty he served as Director of the National Security Agency and Deputy Director of Central Intelligence. After retirement from the Navy, he was Chairman and Chief Executive Officer of the Microelectronics and Computer Technology Corporation (MCC) in Austin, Texas for four years and Chairman, President and Chief Executive Officer of Westmark Systems, Inc., a privately owned electronics industry holding company for three years. Admiral Inman also served as Chairman of the Federal Reserve Bank of Dallas from 1987 through 1990.

Admiral Inman's primary activity since 1990 has been investing in start-up technology companies, where he is a Managing Director of Gefinor Ventures and of Limestone Capital Advisors. He is a member of the Board of Directors of several privately held companies. He serves as a Trustee of the American Assembly and the California Institute of Technology. He is an elected Fellow of the National Academy of Public Administration.

***Happy New Year***

James Dickey, Travis County Republican Party Chairman, has been a member of our club for 2 years. He said how great and important it is that so many Republicans won the election. Not a single seat was turned over a democrat. Of the 15 house races Republicans won 12. 31 states have a Republican governor. Maryland got a Republican governor for the second time since 1945. He went on to say that 24 states are under total Republican control. Many democrat candidates that were hoping to win so they could run again in 2016 lost the election.

James Dickey also talked about demographics. In 1996 40% of Hispanics voted for George W Bush for governor. This time 44% of Hispanics voted for Greg Abbott. He also said that John Cornyn spent time campaigning among minorities. It is important for Republican candidates to be present and making the point that Republican principles are best for everyone. He also believes that outreach campaigns give good results. In Travis Co. between 2010 and 2014 there was an increase of 48,000 registered voters. Over that period the number of straight ticket votes for Democrat candidates increased by 10,000 but the number decreased in the Republican side. He emphasized the importance of building relationships with voters to gain their support.

He ended by reminding us that there will be 3 Republican candidates in the run-off election for city council members and he said that at least one of them will win, maybe 2.

He asked that we go to [tcp.org](http://tcp.org) to sign in their mailing list and that we volunteer.
