## Meet our October 2016 Speaker

# Kyle Whatley

## Executive Director - Republican Party of Texas

Kyle Whatley is an experienced political operative with deep Texas roots.

Kyle Whatley has nearly a decade of Texas campaign experience. As a native Texan, he returns to the state from a successful stint in Washington D.C. working for retiring Congressman Mike Fitzpatrick.

Whatley managed Fitzpatrick's winning campaign, where he was recruited in a nationwide search, and oversaw a multi-million dollar budget in a campaign where \$7+ million was spent. Kyle has worked for principled candidates like Arlene Wolgemuth and Quico Canseco, among others.

He is a Houston native and proud graduate of Texas A&M University. Whatley has been married to his wife Erica for 8 years, and they have two young daughters.

# Happy Halloween!!!!

Theresa Kosmoski, president of the Texas Federation of Republican Women for the 2016-2017 term. TFRW is the largest women's organization in the U.S. with 10,000 plus members and 160 clubs –with 5 more coming soon. She described herself as a child advocate that loves to do community service.

At the time of her speech there were 49 days left until the election and she said that our job on November 8 is to win every race in Texas.

Even though Donald Trump was not her candidate of choice during the primary she is a firm supporter of him and she believes that he will preserve our constitutional rights. But most important is the fact that our next president will be appointing 4 Supreme Court Justices and he will appoint conservative judges.

On the Military she said that we have now the smallest military force in many years. Kids now days do not know what it is to be scared in your own country, but if Hillary Clinton wins they will know.

TFRW has endorsed Donald Trump. She said she was disappointed with Ted Cruz's speech at the National Convention. She mentioned that there are national office holders who will not endorse Trump and there are some that have said they would vote for Hillary. She reminded us that George P. Bush said that we need to support our candidate.

She challenged the audience, especially the women, to go vote early on October 24 and 25 and to take 5 friends along. We have to show them that we do not vote for women just because they are women.

She wants to go to New York for Trump's acceptance speech.

Ways to help: There is a call center in San Antonio that receives calls from people calling the Trump headquarters.

Call friends, send postcards, volunteer to go to other states to knock on doors.
